## PROFESSIONAL EXPERIENCE

### UX Designer, URBN Tech

March 2025 - September 2025

URBN (Urban Outfitters, Free People, Anthropologie, Nuuly)

Philadelphia, PA

- Led end-to-end interaction design of mobile and desktop web filters across 4 retail brands, **increasing task success by 30%** through streamlined user flows, improved information architecture, and optimized selection-state logic
- Built a single scalable filter architecture that balanced the distinct requirements of 4 URBN brands, maintaining brand consistency while reducing design and engineering complexity across product catalogs
- Designed the translated review flow using Apple's Translation API, **closing a language accessibility gap** by enabling customers to read product reviews in their preferred language and strengthening social proof across international markets
- Integrated AI-assisted workflows to transform Figma concepts into coded prototypes, **reducing design iteration time by 45%** and accelerating delivery of engineering-ready designs and specifications
- Established a reusable toggle component within URBN's design system, documenting behavior, specifications, and implementation requirements to improve consistency across desktop experiences
- Partnered with Engineering across the full delivery cycle, writing specs and redlines, attending sprint reviews, and conducting QA to ensure high-fidelity implementation on time

### Digital Analyst, Anthropologie

April 2024 - September 2024

URBN (Urban Outfitters, Free People, Anthropologie, Nuuly)

Philadelphia, PA

- Synthesized qualitative and quantitative data across mobile and desktop A/B tests within a high-traffic retail ecommerce environment to validate hypotheses and inform product decisions, **driving a 17% lift in conversion and engagement**
- Created story-driven data visualizations using GA4 to monitor funnel performance, surfacing friction points across shopping discovery and checkout, and delivering actionable UX recommendations
- Developed and presented performance recaps to North America and Europe leadership, translating complex analysis into clear recommendations that influenced roadmap decisions

### Solutions Engagement Release Train Engineer, J&J Pharmaceuticals

April 2023 - September 2023

Johnson & Johnson

Raritan, NJ

- Coordinated sprint execution for the Janssen Experience Platform across business, technical, and program delivery workstreams, maintaining progress tracking and stakeholder alignment in a regulated environment
- **Improved team productivity by 12%** by defining workflows in Jira and building documentation and tracking tools that reduced planning overhead and increased sprint efficiency
- Supported program governance by facilitating cross-team communication, managing dependencies, and producing status updates that ensured on-time delivery of platform features

## PROJECT EXPERIENCE

### URBN Hackathon: Nuuly Friends & Followers | Design & Marketing

July 2025

- Collaborated with a cross-functional team to design and prototype social discovery features, including feeds, blended closets, and closet sharing for Nuuly's app, finishing in the top 5 of the URBN Hackathon out of 20 teams

### Conceptual feature (under NDA) | Johnson & Johnson | Experience design

July 2023 - August 2023

- Planned and conducted 3 usability studies using low-fidelity Figma wireframes, synthesizing findings to iterate on designs and improve the experience; co-presented high-fidelity prototype and design process to business partners
