PROFESSIONAL EXPERIENCE

Product Designer & Digital Consultant

January 2026 - Present

Self-employed

Remote

- Led discovery for a two-sided creator marketplace through a four-day UX audit, translating competitive and heuristic analysis into redesigned user flows in Figma and production-ready interfaces with Claude Code
- Supported the App Store launch of an astrology app by redesigning its information architecture, navigation, visual hierarchy, and brand identity
- Designed and developed a responsive marketing website and visual identity for an early-stage biotech startup, creating an investor-facing experience used in pitch presentations
- Partnered with founders from discovery through implementation, translating business goals and user needs into high-fidelity interfaces, prototypes, and live digital experiences

UX Designer, URBN Tech

March 2025 - September 2025

URBN (Urban Outfitters, Free People, Anthropologie, Nuuly)

Philadelphia, PA

- Improved task success by 30%, reaching 100% completion in an eight-participant usability retest, by redesigning filter flows, selection logic, interaction states, and edge cases across four retail brands
- Designed a translated-review experience using Apple's Translation API, helping international customers access product reviews in their preferred language while accounting for translation availability and fallback states
- Reduced design iteration time by 45% by transforming Figma concepts into coded prototypes through AI-assisted workflows, reviewing generated output against interaction requirements and user needs
- Created and documented a reusable desktop toggle component for URBN's design system, establishing consistent interaction behavior and implementation requirements
- Partnered with Product and Engineering throughout delivery, producing specifications and redlines, participating in sprint reviews, and conducting QA to support high-fidelity implementation

Digital Analyst, Anthropologie

April 2024 - September 2024

URBN (Urban Outfitters, Free People, Anthropologie, Nuuly)

Philadelphia, PA

- Contributed to a 17% conversion improvement by using A/B testing and GA4 funnel analysis to identify friction and inform product decisions across shopping discovery and checkout
- Translated weekly A/B testing results into actionable UX recommendations for cross-functional stakeholders across Product, Marketing, Creative, and Technology
- Developed a mobile commerce strategy presentation analyzing competitor benchmarks and prior A/B test results, delivering recommendations to modernize the mobile shopping experience for the brand

PROJECT EXPERIENCE

URBN Hackathon: Nuuly Friends & Followers | Design & Marketing

July 2025

- Placed in the top five of 20 URBN Hackathon teams by designing and prototyping social discovery features for Nuuly, including activity feeds, blended closets, and closet sharing

Conceptual feature (under NDA) | Johnson & Johnson | Experience design

July 2023 - August 2023

- Conducted three usability studies using low-fidelity Figma prototypes, synthesized findings into design improvements, and co-presented the final high-fidelity concept to business stakeholders
